our innovations…your success

Seal Bond® RigiCurb™ Curb Kit replaces most metal pitch pans, boots and welded membrane curbs. RigiCurb™ is one of the easiest and most labor-saving roof penetration systems to help prevent roof leaks. When installed properly, the RigiCurb™ system forms a durable waterproof rubber seal around roof penetrations.

RigiCurb Forms

3", 4" and 5" inner diameter round curbs

SB 495 High Performance Adhesive/Sealant

100% solids, high-strength adhesive

SB 490 Liquid Flashing

Single component, one-part pourable sealer
